

Company Policy and Objectives

Beth-El Industries Ltd.

Beth-El Industries (**BEI**) produces a variety of products, many of which help safeguard the lives of people around the world. The company's key goals are to continually improve product quality, ensure customer satisfaction, provide safe and healthy workplaces for all of our valued employees, and to minimize any impact on the environment through our business operations.

Accordingly, BEI is accredited to the following standards:

- **ISO 9001:** To help ensure high quality and to maintain our customers' confidence, BEI has been accredited to the ISO 9001 (Quality Management) standard since 1995.
- **ISO 45001 & ISO 14001:** BEI cares about the health and safety of each employee, as well as the environment we operate in. Accordingly, we are accredited to the ISO 45001 (Occupational Health and Safety) & ISO 14001 (Environmental) standards.
- **"Tav Tekem" (Standard Mark):** Our civilian protection products are regulated by the continuous quality monitoring system of the Standards Institute of Israel

Our **Q**uality, **S**afety and **E**nvironmental Policy help to ensure:

- Compliance with regulatory law and standards in Israel
- Consistent implementation and execution of our technical capabilities
- Reliability and professionalism
- Implementation of new ideas and continuous improvement in our QMS (Quality Management System), EMS (Environmental Management System) and OH&S (Occupational Health and Safety Management System)
- Innovative solutions that meet the requirements of our customers
- Protection of the environment and also conservation of natural resources

Performance objectives for management review involve:

- Customer satisfaction
- Quality costs
- On time delivery
- Non-conformities, with related corrective action(s)
- Cost-effective, efficient and environmentally friendly manufacturing processes
- Occupational health and safety conditions
- Minimizing adverse effects on employee health/safety and the environment

In order to accomplish these objectives, we are committed to:

- Setting measurable goals related to these performance objectives, and evaluating our progress towards achieving them
- Continually updating and improving our QMS and manufacturing processes
- Optimizing energy use, water consumption and waste reduction
- Training, involving and consulting with employees about prevention and avoidance of environmental/ health impacts, accidents and hazard awareness
- Increasing the professionalism and qualifications of our employees at all levels
- Proactively removing safety hazards, and other sources of potential error

Quality is our way to success, ensuring the continued growth of our company.
